

YIT

Turnkey Finishing Package

Keys and comfort in one package

WHO WE ARE

Finnish Roots of YIT

Our company originates from Finland, where for over 110 years it has been the largest developer and one of Northern Europe's leading construction companies.

We successfully deliver projects across Finland, the Baltic countries, the Czech Republic, Slovakia, and Poland, where we have already handed over more than 3,000 comfortable apartments to our clients.

We combine Scandinavian standards with local know-how to create award-winning, comfortable living spaces.

> Why choose a move-in ready apartment at Meri?

Security & Control

Fixed price, budget control at every stage, and a full warranty on all completed works.

Time Savings

We take care of all logistics, orders, and contractor supervision. You simply collect the keys to a finished, spotless apartment.

High Finishing Standard

High-quality finishing materials, well-thought-out functional solutions, and timeless design.

STYLE PACKAGES & INSPIRATIONS

SAARI INSPIRATION - ISLAND

Warmth, nature, and harmony. The SAARI package is the perfect choice for those seeking an oasis of comfort and coziness in their home. Dominated by light, natural shades of white and subtle beige, paired with warm wood grain on the upper kitchen cabinet fronts. This interior is filled with light, radiates tranquility, and offers respite from the urban rush. A space designed in this style is timeless, inviting, and naturally elegant.

VESI INSPIRATION - WATER

Freshness, modernity, and balance. The VESI package draws inspiration from the purity and depth of Scandinavian waters. Its key feature is matte base cabinet fronts in a subdued, on-trend shade of sage green or subtle blue, balanced by the warm texture of wood above. An ideal option for anyone looking to introduce a touch of original, yet well-balanced color. VESI creates a modern, dynamic interior that fosters inner harmony.

KALLIO INSPIRATION - ROCK

Boldness, solid quality, and character. The KALLIO package embodies Nordic minimalism with a bolder edge. Inspired by the raw beauty of Scandinavian rocks, it combines deep, dark wood tones on base cabinets with clean, geometric white on wall units. Contrasting countertops and sharp lines lend the space a metropolitan, loft-style aesthetic. Kallio is crafted for enthusiasts of distinctive design who appreciate solid elegance and modern luxury.

Not sure which package suits you best? Our designers will help you choose the right color palette and guide you through materials and interior solutions.

KEYS & COMFORT IN ONE PACKAGE

Included in the apartment price
